SpySubtract®
Safely Remove Spyware

Spyware is the #1 privacy threat to PC users everywhere.

Spyware can easily hide on your computer and send valuable personal information over the Internet.

Credit card numbers, screenshots, chat sessions, Web browsing–almost anything that you do on your PC can be captured by spyware.

Use the SpySubtract software preloaded on your PC to keep you safe from spyware (30-day trial).

Scan your PC often with SpySubtract.
It is simple, quick, and your peace of mind is worth it.
